3" 2500 RPM Screwdriver & Attachment kit

Extremely versatile auto-feed attachment for professionals driving screws in many applications. Drives screws from 1" - 3" in length at 2500 rpm. The high torque motor delivers plenty of power to drive our longest screws into even the toughest materials. The kit comes complete with our SG2510 screwgun, industrial grade DS320 attachment, extension pole with secondary power grip handle, spare drive bits, and a storage bag.

2500 RPM TPM · **INCLUDES STORAGE BAG** · **USE GENUINE SENCO FASTENERS** · **1 YEAR LIMITED WARRANTY**

Applications
Drywall (to wood or steel studs), subfloor, wood decking, Sheathing to wood, sheathing to steel, wood decking, cement board, underlayment and flooring, drywall to wood, drywall to steel, composite decking, fiberglass backed gypsum sheathing, structural steel decking, rigid foam insulation, metal framing.

Features and Benefits
• Includes extension pole with adjustable power grip handle for driving screws in a standing position
• Patent pending corner-fit feed system
• Patented sliding rail
• Clip free high strength bits
• Precise depth-of-drive adjustment with depth lock
• Rugged storage bag fits fully assembled kit
• Quick release for easy bit access
• SENCO's limited one-year warranty

Includes
SENCO SG2510 high-torque screwdriver, industrial grade DS320 attachment, extension pole with adjustable power grip handle, storage bag and 3 drive bit tips. ✚ ◼ ✲

Specifications
Item #: 6W0012N
RPM: 0–2500
Torque: . . . . 100 inlb
Amp draw: 6.4
Weight: . . . . 6.75 lbs. (3 kg)
Height: . . . . 8.0" (203 mm)
Length: . . . . 20.5" (521 mm)
with extension pole:: . 39.0" (990 mm)
Width: . . . . 2.75" (70 mm)

Fastener Specifications
Screw Lengths . . . . 1" – 3" (25mm – 76mm)
Screw Diameters. . . . . . . #6 – #12

Replacement Bits ✚ ◼ ✲
Drive Bits-two per pack: EA0314, EA0315, EA0316

Features

Patented Sliding Rail
for unmatched reliability
and drive performance

**0–2,500 RPM High
Torque Motor**
Specially designed to torque
screws in without bogging
down

Fastener Range
Drives 1" to 3" screws for a
variety of applications

Easy Load Rail makes
loading screws even easier

Tool Free Adjustable Nose Piece
With easy-to-read length
markings, adjusts to screw
lengths of 1" - 3"

**Patent-Pending
Corner-Fit Feed System**
With better line of sight. Smooth
operation and excellent
wall/corner access.

Includes extension pole
for driving screws in a standing position

Tool can also be used without extension pole
for close-up or vertical applications and
without collated screw attachment to drive
bulk screws.

**Heavy Duty
Rubber Cord**
10 ft. Cord

Nylon Storage Bag
Storage bag for fully
assembled tool
