## Adjustable support posts are the key to the many uses of the Dolly Max

There are 10 vertical and 6 horizontal post positions.  
The posts can be used in both axis.  
Includes four 56" posts.  
Extra posts are available.

The Dolly Max comes with four 56" long steel tube posts. Extra posts are available at an additional fee. It has a capacity of 700 lbs. With Extra casters the capacity is increased to 1000 lbs. With the Caster Bracket the capacity is increased 300 lbs. It is ideally suited for the warehouse, job site, shop or convention center.

## Available Options Posts, Casters, Wheel Barrow Handles, Caster Base Extension

Caster Base Extension extends  
Wheel Base from 21" to 37".
