

Professional Ratchets

SureGrip® Drive Design

The SureGrip® Drive Design drives the side of the fastener, not the corner. This not only provides increased strength, but also avoids the rounding of rusted or damaged fasteners, which can occur when using a sharp cornered hex tool.

Secure and Portable Tool Storage

S•K 21-piece and 25-piece 3/4" Drive chrome socket sets are packaged in molded plastic cases for safe, secure storage. An integrated handle helps provide easy portability for these heavy-duty sets.
