TRILINGUAL SCAN TOOL OBD II, CAN, ABS & AIRBAG

CodeConnect® does the troubleshooting for you

The CodeConnect® information takes vehicle repairs to another level. CodeConnect® provides actual fixes to the problem causing the check engine light to illuminate - providing the Top Reported Fix from the CodeConnect database. The Top Reported Fix is the most probable solution to the vehicle problem and is a shortcut for troubleshooting efforts.

3111Pro will indicate on screen which codes have the CodeConnect® details available. Then it's a simple push of the button to get the CodeConnect® information.

CodeConnect® provides 4.3 million verified fixes specific to the vehicle's make, model, year and engine.

Similar scan tools leave all the troubleshooting to you. 3111Pro with CodeConnect® does the troubleshooting for you.

Component Locator screen view

Vehicle specific database indicates where a component is located

AutoID™ screen view

AutoID – Automatically pulls the VIN for most 2000 and newer vehicles and decodes to the vehicle make, model and year so you don't have to
