

WG507

12A Powerful, 2-Speed Blower/Vac/Mulcher

This powerful yard tool tackle projects all year round. It gets the job done when cleaning off paths in the spring and summer then vacuuming and mulching up leaves in the fall. Lightweight and ergonomic design makes for an easier workload.

COMPACT & LIGHTWEIGHT
Design

FEATURES

- One-touch conversion back and forth between blower and vac/mulch features
- 2-speed control provides versatility for light and heavy duty projects
- Includes collection bag for use when mulching
- Simple tool-free assembly gets you up and blowing quickly
- Lightweight and easy to use
- Ergonomic grip handle design provides comfortable operation
- Cord retention system helps eliminate unintentional disconnection
