

ST 111

Husqvarna ST 111 is perfect for homeowners who need a compact, easy-to-use and efficient snow blower. It has been designed to clear snow from hard, flat and narrow surfaces on garage driveways and paths. Husqvarna ST 111 is suitable for occasional use in new snow, up to 8 in. Its compact design makes it easy to operate and store. The efficient rubber auger ensures optimum clearing and merciful treatment of all types of hard surfaces.

COMPACT DESIGN

The overall compact design makes this machine very comfortable and easy to use and store.

EFFICIENT RUBBER AUGER

The rubber auger works both efficient and merciful on all type of hard surfaces and the auger speed makes the snow thrower almost self-driven.

SINGLE-STAGE SYSTEM

The auger screw efficiently feeds the snow into the machine and then throws it out through the chute.

ADJUSTABLE DEFLECTOR

For controlling the vertical throwing direction.

Features

- Adjustable handle for ergonomic operation
- Quick release folding handle
- Easy-access fuel cap for easy refuelling
- Semi-pneumatic tires for smooth operation
- Non-clogging tread for improved traction
- Robust auger housing for durability and stability
- Durable control cables of premium quality
- Scraper skirt for achieving extra clean grounds
