PRO-TEK SERIES

The NEW! PRO-TEK Series self centering chucks and jaws deliver the next generation of inNOVation in woodturning. The powerful gearing grip delivers tremendous slide holding power offering solid, vibration free performance, each and every time you turn. The PRO-TEK series of chucks are compatible with the same accessory range as other NOVA Chucks, feature premium upgrades and NOVA's Best in Market 6 Year Warranty.

PRO-TEK G3

Recommended for lathes from 10"/254mm to 16"/406mm, the PRO-TEK G3 chuck comes with PRO-TEK 50mm jaws and an adjustable T-Bar Chuck Key (shown below).

48290 PRO-TEK G3 Insert Chuck & Jaws

48291 PRO-TEK G3 Direct Thread Reversible Chuck & Jaws

ADJUSTABLE T HANDLE

Sliding action for flexibility when scrolling.

PRO-TEK SUPERNOVA2

Recommended for lathes from 14"/350mm to 20"/508mm swing, the PRO-TEK SUPERNOVA2 continues a tradition of performance with premium PRO-TEK features including a stand out red backing plate, PRO-TEK 50 mm jaws and Tilt Away pinon and ball nose hex wrench (shown below).

23262 PRO-TEK SUPERNOVA2 Insert Chuck & Jaws

TILT AWAY T HANDLE

Creates ease of scrolling of jaws at an angle especially when working on large pieces. (PRO-TEK SUPERNOVA2 Only)

PRO-TEK PREMIUM UPGRADES

POWERFUL JAWS

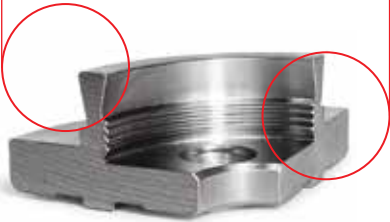

Stronger, more versatile 2"/50mm PRO-TEK Jaws keep the project secure and firmly held in place.

INTUITIVE CLOCKWISE SCROLL

For easy operation.

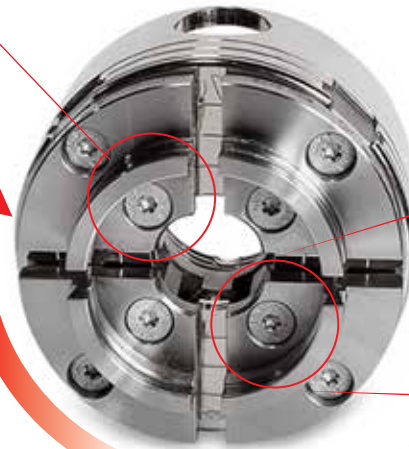

IMPROVED DOVETAIL & SERRATED PROFILE

Provides maximum control by pulling the project into the chuck and holding round and square blanks firmly.

UPGRADED 6-POINT STAR FASTENERS

Exert more torque with ease, providing better holding power and minimizing strip out.

COPPER INFUSED JAW SLIDES

For effortless movement. Self lubricating and features Auto Stop feature.

PREMIUM RUST RESISTANT NICKEL FINISH

Ideal for turning green wood and low maintenance.

PRECISION LASER ETCHED JAWS

Numbering allows easy jaw and slide alignment, positioning and change out.

WOODWORM SCREW

SafeLock allows fast and secure mounting of rough material.

FREE! MICROFIBER SHOP TOWEL

Helps to keep your PRO-TEK chuck and jaws well maintained 11.5" x 10.5".

FULLY SEALED INDEXING BACKING PLATE

NEW! NOVA red fully sealed backing plate extends life and adds an additional safety measure for use in operation. Reinforced with stranded glass fibers for extreme durability that protects the internal gearing from moisture and debris creating low maintenance and ensuring a longer life. (PRO-TEK SUPERNOVA2 Only)

6-POINT T HANDLE

Upgraded 6 point star fasteners exerting more torque with ease, offering better holding power and minimizing strip out for longer life.
