3" 4000 RPM Screwdriver & Attachment Kit

Extremely versatile auto-feed attachment for professionals driving a variety of screws in high speed applications. Drives screws from 1" - 3" in length at 4000 rpm. The high speed motor is ideal for high speed applications like subfloor, underlayment and drywall. The kit comes complete with our SG4100 screwgun, industrial grade DS320 attachment, extension pole with secondary power grip handle, spare drive bits, and a storage bag.

Applications

Sheathing to wood, sheathing to steel, wood decking, cement board, underlayment and flooring, drywall to wood, drywall to steel, composite decking, fiberglass backed gypsum sheathing, structural steel decking, rigid foam insulation, metal framing.

Features and Benefits

- Includes extension pole with adjustable power grip handle for driving screws in a standing position
- Patent pending corner-fit feed system
- Patented sliding rail
- Clip free high strength bits
- Precise depth-of-drive adjustment with depth lock
- Rugged storage bag fits fully assembled kit
- Quick release for easy bit access

Includes

SENCO SG4100 high-speed screwdriver, industrial grade DS320 attachment, extension pole with adjustable power grip handle, storage bag and 3 drive bit tips.   

Specifications

Item #: 6W0011N
RPM: 0-4000
Torque: 82 inlb
Amp draw: 6.4
Weight: 6.5 lbs. (2.95 kg)
Height: 8.0" (203 mm)
Length: 20.5" (521 mm)
with extension pole: . . 39.0" (990 mm)
Width: 2.75" (70 mm)

Fastener Specifications

Screw Lengths 1" - 3" (25mm - 76mm)
Screw Diameters. #6 - #12

Replacement Bits

Drive Bits-two per pack:    EA0314, EA0315, EA0316

MAKING HARD WORK
EASIER

DS440AC

Features

Fastener Range
Drives 1" to 3" screws for a variety of applications

Patented Sliding Rail
for unmatched reliability and drive performance

Easy Load Rail makes loading screws even easier

0-4000 RPM High Torque Motor
Specially designed to torque screws in without bogging down

Tool Free Adjustable Nose Piece
With easy-to-read length markings, adjusts to screw lengths of 1" - 3"

Patent-Pending Corner-Fit Feed System
With better line of sight. Smooth operation and excellent wall/corner access.

Includes extension pole
for driving screws in a standing position
Tool can also be used without extension pole for close-up or vertical applications and without collated screw attachment to drive bulk screws.

Heavy Duty Rubber Cord
10 ft. Cord

Nylon Storage Bag
Storage bag for fully assembled tool
